Amendment No. 8 to Registration Statement on Form F-1

Our Summary Consolidated Financial Data and Operating Data

Selected Quarterly Results of Operations, page 20

1. Please revise your registration statement to provide context for the preliminary key operating data for the three months ended September 30, 2022 disclosed on pages 20 and 21, including ADR and RevPAR, by providing an indication of profitability during the same period that would balance your disclosure.

The Company respectfully advises the Staff that the full financial statements for the nine months ended September 30, 2022 including the related notes are not yet available, which are not required by Form F-1 and Form 20-F. Nevertheless, in response to the Staff's comment, the Company has revised the disclosures to include selected unaudited financial data for the nine months ended September 30, 2022 to give investors a more balanced understanding of its results of operations including profitability. These selected unaudited financial data were prepared by the Company's management based upon information available to it as of the date hereof and are not necessarily indicative of the Company's operating results for any future period.
